

MDC TRIMSYNC QUESTION SHEET

- Engine make and model?

- If outboards with AMS then which helm controls are installed (Zero-Effort, DTS, Livorsi, Latham, Mercury Next Gen)

- Does the boat have SmartCraft / VesselView / VesselLink?

- If so, does the trim currently appear on your MFD?

- HARNESS LENGTHS as referenced from the selected mounting location of the controller:

- To the trim sender for each engine. For outboards that would be under the cowling and for sterndrives and trim tabs it will be at the transom.

- To the helm controls for all outboards with AMS.

- To the trim pumps for all sterndrives and non-AMS outboards.

- To the helm mounted preset buttons (not included) if installing Race Edition or Race Edition.
